**WE HAVE TRUSTED PEOPLE BY THE SOURCE OF THE NILE:
EDDY BALINA, HIS NGO-TEAM, SCHOOL STAFF AND STUDENTS.**

Eddy Balina, founder of Great Hope Junior School in Jinja. Hosting 100 students from 3-7 years old.

Plastic everywhere, in the city center, along country roads and in parks and gardens.

500 meter from Jinja you find the source of the river Nile, a strong symbol for a Plastic River Ride project...

Mixed plastics...on the ground and in the ground.

Students from the Jinja slum, lucky enough to have parents that can pay the few dollars it costs for a term.
